

Opting out behaviourally Targeted Advertising and Analytics

If you wish to limit behaviourally targeted advertising, you can do so by limiting ad tracking in your device settings. Please note that opt-outs are specific to each browser and device.

For mobile advertising in apps, you can reset your Advertising Identifier and depending on your device, select to opt out of interest-based ads(Android) or turn on the Limit Ad Tracking setting(iOS).

Miracle Dojo Inc also works with other analytics and ad serving partners within our mobile game and websites. These partners can use cookies, web beacons, and other tracking technologies to collect or receive data about you and might claim controller rights over your personal data. For more information about their privacy practices and opt-out possibilities, please visit the links below.
